"The John Thallon & Co., referred to in the departmental report is one of the largest customers of the Standard Meat Co. When John Thallon & Co. sustained this loss, the Standard Meat Co. assumed the loss for the reason that the error occurred in Texas and did not press its claim for the full amount of the sum due in payments of the meat sold to John Thallon & Co. John Thallon & Co. had deducted the amount stated in the bill from the amount actually paid the Standard Meat Co. It is, therefore, clear that the amount provided in the bill is equitably due to the Standard Meat Co.

"In view of the facts outlined in this report and in the report of the Department of Agriculture, and the favorable recommendation of that Department, it is recommended that the bill be considered favorably."

PURPOSE

The purpose of the proposed legislation is to provide that in the administration of the annual leave account of Raymond E. Grail, of Moline, Ill., a civilian employee at the Rock Island Arsenal, Ill., there shall be added a separate account of 174 hours of annual leave, in full settlement of claims of Raymond E. Grail against the United States for compensation for the loss of such leave which was earned by him during the period beginning May 1961 and ending May 1966, inclusive, while employed at the Rock Island Arsenal, and which, through administrative error, was not credited to his leave account. The bill expressly provides that none of the leave granted by the act shall be settled by means of a cash payment in the event that Mr. Grail is separated from the Federal service for any reason.

STATEMENT

The Committee on the Judiciary of the House of Representatives in its favorable report said:

"The Department of the Army in its report to the committee on the bill verified the fact that the Government in failing to credit Mr. Grail for his military service caused him to forfeit 174 hours of annual leave. The Department of the Army stated it was not opposed to favorable consideration of the bill.

"Mr. Raymond E. Grail, of Moline, Ill., forfeited 174 hours of annual leave as an employee of the Rock Island Arsenal due to the fact that when he was employed by the arsenal in 1950, his leave earning category was established without crediting him with military service of 4 years and 5 months. As a result, he was credited with leave at the rate of 8 hours per pay period when in fact because of his military service, he was entitled to accrued leave at the rate of 8 hours per pay period beginning May 7, 1961. It was not until May 19, 1966, that he was advised of the administrative error and at the same time was told that the 30-day limitation upon annual leave accumulation barred any recognition of the leave he should have earned. As a result, he was required to forfeit 174 hours of leave which he actually had earned but could not be credited to him.

There is no administrative remedy open to him and as noted by the Department of the Army, his only recourse is to appeal to the Congress for relief by legislation in the manner provided in this bill.

"The Department of the Army has noted that in previous cases the Congress has granted relief and concluded:

"As the forfeiture results from an administrative error an enactment of this bill would be consistent with action of the 89th Congress, the Department of the Army is not opposed to the bill."

"In view of the recommendation of the Department of the Army and the clear entitlement of Mr. Grail to the leave provided for by the bill, it is recommended that the bill be considered favorably."

The committee believes that the bill is meritorious and recommends it favorably.
